

# Chemia, Hero

tomorrow, i won't let you down  
so come over, and hold me tight  
tomorrow, if you can wait  
tomorrow  
i can lie, like i can be right  
cause right now, i'm the one to fight  
tomorrow, if you can wait  
tomorrow

before the other side  
give me time  
to feed the tolerance  
give a chance  
i need and wanna dance with

i'll be your hero again  
i'm gonna help you when you fall  
just try to whisper my name  
i'm gonna be there

i woke up, but it's late somehow  
i'm the king, and a worthless clown  
to much hope, that you can wait  
tomorrow

before the other side  
give me time  
to feed the tolerance  
give a chance  
i need and wanna dance with

i'll be your hero again  
i'm gonna help you when you fall  
just try to whisper my name  
i'm gonna be there  
i was the seed of your pain  
when you left i changed my soul  
let me be a hero again  
just be your hero

i will be  
i will be  
i will be a hero but from tomorrow  
i know you gonna believe me  
i will be a hero i swear  
and i know  
i'll be your hero again...
