

Cher, Am I Blue

Am I blue, oh am I blue?
Ain't these tears in these eyes telling you
Am I blue? Ah you would be too
I said if this plans with your man
Ah that done fell through
Oh there was a time
When I was, when I was he's only one
But look at me and see now
I'm, oh I'm, I'm the sad
I'm the sad and lonely one
I'm a fool and I'm the only one
Was I gay, oh was I gay until today?
Oh God that he's gone
He's gone and we're through
Am I blue?
There was a time there was a time
I said there was a time that I was he's only one
But right now, right now
I'm, oh I'm the sad of the sad and lonely one
I'm the left behind only one
Am I blue, oh am I blue
Oh now he's gone and we're through
Oh am I, am I blue, am I blue?
