

# Cher, I'm Blowin' Away

I've been romanced and I've been danced  
Crazy nights and hard times  
Life has lost it mystery  
And love is blind, and can not find me

[Chorus:]  
Cause I'm blowin' away  
And shadows take my love and leave  
I'm blowin' away  
And shadows keep taking  
My love and leaving me

I have past aside my foolish pride  
Going down for the very last time  
Cause I have searched this earth  
And sailed the seas  
But love is blind can not find me

[Chorus x2]
