

Cher Lloyd, Dub On The Track (feat. Mic Righteous)

I'm the kind - I'm the,
I'm the kinda girl to put dub on the track
I'm a, I'm a beast on the track
Lay a beat down
Put the vibe on the map
Try cut me up, try knock me down
But you ain't gonna take my crown
Let me be the girl to mess up your plans
Try take me, take me off the map
You will never get why I can

From my mouth better than these feet, these feet
Why you gotta see there's a room for me
There's a room for me
There's a button up to the penthouse suite
I don't need all that
Rather be level headed than a one man
Hold up a second bring it back
I'm the kinda girl to put dub on the track [x5]
