

# Cher Lloyd, M.I.A

let's make a quick gateway  
this party is shit anyway  
or we could go M.I.A.

tell me , tell me what you say  
cause I, I've been bored out of my mind  
sitting here all night  
and you know, I got eye on you

no lie, no lie  
I've been vibing to you all of this time  
don't say goodbye  
we're out there  
so u know  
u and I could be somewhere catching waves  
I sat hi, now let's go M.I.A

they keep spoiling my Saturday  
didn't wanna dance anyway  
everybody here all the same  
but we can do things differently  
cause I , I been bored out of my mind  
sitting here all night  
and you know, I got eye on you

no lie, no lie  
I've been vibing to you all of this time  
don't say goodbye  
we're out there  
so u know  
u and I could be somewhere catching waves  
I sat hi, now let's go M.I.A

no lie, no lie
