

Cher, The Power

The king is crying from his throne
He had a queen but now she's gone
What is this magic that we seek
The mighty strong to mighty weak

Every good girl hears it every bad boy fears it
No matter what I see I believe, I believe

The power touches me, the power sets us free
The power holds my hand yeah, the power drives me crazy

A flower grows, an old man dies
And through it all we still survive
A poor man dreams but no one hears
Ain't nothing changed much through the years

Every bad day needs it, every good day breeds it
No matter how it feels when it's real, you know it's real
It's stronger than anybody any man has ever made

The power touches me, the power helps us see
The power holds my hand, yeah the power drives me crazy

It won't take long to understand
Just how lucky I am

Hey hey open up your eyes and see
It won't take long to understand just how lucky I am

Every good boy needs it, every bad girl breeds it
No matter what I see I believe, I believe
It's stronger than anybody any man has ever made
The power touches me, the power helps us see
The power holds my hand, yeah the power drives me crazy
The power touches me, yeah, the power sets us see, yeah
The power holds my hand, yeah, the power drives me crazy

The power, the power, the power
If I believe in you and me
Do we believe that the power's gonna be alright?
In just my mind, yeah, yeah
In the power, the power of love
I believe in the power, the power of true love, baby.
