

# Cher, When Lovers Become Strangers

You're looking at him from across the room  
Wondering just how it all slipped away so soon  
You're looking to find some look in his eyes  
That will take you back to yesterday  
Don't remember the when or the where or why  
All you know is that something has changed inside  
And you can't bring it back no matter how you try  
You know it's over  
You've got to say goodbye

[Chorus:]

It's such a shame when lovers become strangers  
It's such a shame when you don't know each other anymore  
And all the memories that you share  
Are all that's still there  
It's such a shame when lovers become strangers

You can't seem to find the right words to say  
And it's too late for talking now anyway  
There's no one to blame, it's just not the same  
And it's never gonna be the same again  
So, you're trying to figure out what went wrong  
Where does the feeling go when the feeling's gone  
And you pray for the strength just to carry on  
You've got to let go of someone you've loved so long

[Chorus]

So kiss him goodbye  
Try to walk away with your head held high  
Think about the good times  
Don't cry, don't cry  
Though it's tearing you apart inside  
It's such a shame  
It's such a shame  
And you can't bring it back no matter how you try  
You know it's over  
You've got to say goodbye

[Chorus]
