

# Cherry Poppin' Daddies, So Long Toots

So long toots  
Bound for Chicago it's been swell  
You got your hooks  
Into me mamma  
You know damn well  
You know i gotta leave  
Before you're up a tree  
And our good thing comes crashin to the ground

So long toots  
Bound for Chicago it's been grand  
The distance might as well be Morocco or Pakistan  
Tonight is New Year's Eve  
But theres nothin up my sleeve  
But a place to play where the people all swing around  
They made a member of me  
So long toots  
Bound for Chicago now...

So long toots  
bound for Chicago it's alright  
I can't stay as long as i oughta  
It's almost light  
And that's the final star  
And it's been the best so far  
But he's sleeping all alone in that big sky

So long toots (BOUND FOR CHICAGO)  
So long toots (BOUND FOR CHICAGO)  
So long toots bound for Chicago now.....
