Cherry Poppin' Daddies, Soul Cadillac

The Soul Cadillac is drivin' up
The Soul Cadillac is in me
Well a soul transformed from a dirty truck
By a girl who loves me
I was alone
I wore the fragrance of men who worked in the heat
I work all day
Pouring the asphalt and shaping the concrete
And I sing now

The Soul Cadillac is drivin' up
The Soul Cadillac is in me
Well a soul transformed from a dirty truck
By a girl who loves me

She's a warm-hearted girl And such a treasure to hold To a working man's body She's like music with plenty of soul

She's my Soul Cadillac

I met her down at the East Town Pub In a slow dance we embraced She fixed up my home down by the water And made it a comfortable place Oh I tell ya

She's a warm-hearted girl And such a treasure to hold To a working man's body She's like music She's my soul

The Soul Cadillac is drivin' up
The Soul Cadillac is in me
Well a soul transformed from a dirty truck
By a girl who loves me

She's the girl who loves me
