Cherry Poppin' Daddies, Swingin' With Tiger Woo

Aw just get hip to the rhythm, and let the rhythm take you away Don't get bored or excited, just look at ol' Dean Martin's face It's an easy breezy motion, that's the way to make it all good And you'll be a mighty swinger, just the same as Tiger Woods I'm talkin' 'bout the big swing The whole enchilada The big swing Do ya get me? Understood? I'm talkin' 'bout the big swing The whole enchilada The big swing Aw last I checked it all, in fact, was good

Do you wanna keep 'em straight when you hit 'em? And put your big drive in the fairway? Knock 'em flat when you tip your hat To the chippies when they look blas Nothin's too outrageous, and you got me in a real good mood 'Cause I'm a swanky New York Yankee, with a can-do attitude!

I'm talkin' 'bout the big swing
The whole enchilada
The big swing
Do ya get me? Understood?
I'm talkin' 'bout the big swing
The whole enchilada
The big swing
Aw last I checked it all, in fact, was good

Aw swing it!

Back to back
Side to side
Swing attack, mama
Glide, brother, glide
Back to back
Side to side
Swing attack!

I'm talkin' 'bout the big swing
The whole enchilada
The big swing
Do ya get me? Understood?
I'm talkin' 'bout the big swing
The whole enchilada
The big swing
Aw last I checked it all, in fact
Last I checked it all, in fact
Last I checked it all, in fact

Swing the damn club...
