Chesney Kenny, When I Close My Eyes

Chesney Kenny
I Will Stand
When I Close My Eyes
There's so many things
I didn't say
And even though
It may be too late
I want you to know
I still love you so
Every car I meet
Looks like your car
Every movie I see
You play the leading part
You're on my mind
Can't leave you behind

When I close my eyes You're all I see In the dark of night You're in my dreams Throughout the day You're easy to find You're always there When I close my eyes

In my mind I know You're far away But here in my heart Nothing has changed I'm still holdin' you Like I used to On a busy street In a crowded room Wherever I go It's just me and you Together again Girl it never ends

When I close my eyes You're all I see In the dark of night You're in my dreams Throughout the day You're easy to find You're always there When I close my eyes

You're always there When I close my eyes
