I'll Think Of Something

I dont know how Ill get her off my mind - but give me time

Ill think of something

I cant say that Im all right - but by tonight

Ill think of something

Ill find so many things to do that I wont have the time to think of her

And then if shes still on my mind Ill try to drink enough to drown the hurt

And if that dont work

Ill think of something

Where do I go for love that I still need - now that Im free

Ill think of something

And if someday by accident we meet - and I cant speak

Ill think of something

If I cant say a word to her Ill blame it on this lump thats in my throat

And standing there what will I do to hide my love enough that it wont show

Well I dont know

But Ill think of something
