Chesnutt Mark

Miscellaneous

Uptown, Downtown (Misery's All The Same)

I said Im through with honky tonks

They only bring me down

I dressed my best and headed for

The brightest spot in town

Ive watched the rich folks come and go and one things very clear

Theres just as many lonely people here

Chorus

Im just hangin round a better class of losers

It dont matter if you drink bear or champagne

Ive only found a better class of losers

Uptown, downtown misrys all the same

Its been all downhill for me

since baby walked away

Im down here at the bottom

And I guess thats where Ill stay

Im looking for the answers

But all that Ive seen here

Is the same old lonely phony atmosphere

Repeat Chorus

For the blues are still the blues

Still just as hard to lose

Uptown, downtown...miserys all the same
