The Money Man
What you see today
Isn't here to stay
Time to break away
Love will show you the way
You want to be
It's your destiny
It will set you free
Love will show you the way
Love will show you the way
Mmmmh
Love will show you the way

Love will show you the way

Time after time
Life is getting harder
Day after day
Misery and holder
Around the world
People suffer
Take me higher
We'll be together

The money man
Can take away
The love we share
Won't run away
The money man
To hide away yeah eh eh
Uh woh woh woh uh woh oh

Don't pass me by
Still we live forever
Cause if we try
We can make it better
Come close to me
Feel my fever
And we will be
Happy together

Hey hey break the beat
Hey hey break the beat

Love will show you the way
