Chicago, Introduction

Hey there everybody Please don't romp or roam We're a little nervous 'Cause we're so far from home So this is what we do Sit back and let us groove And let us work on you We've all spent years preparing before this band was born With heaven's help it blended And we do thank the lord. Now we put you through the changes And turned around the mood We hope it's struck you different And hope you feel moved So forget ábout your troubles As we search for something new And we play for you
