

Chick Corea, Sometime Ago / La Fiesta

Sometime ago I had a dream
It was happy, it was lasting, it was free
And now in life, oh, can't you see
How we can make that dream into reality?
Oh, the music, it was playing
Oh, the firelight, it was dancing
All the children they were singing
All the people they were loving
Sometime ago I had a dream
It was happy, it was lasting, it was free
And now in life, oh, can't you see
How we can make that dream into reality?
Oh, the morning sun, it was soft and cool
Oh, the evening breeze, it was warm and gold
All together life had started to unfold
