

# Chick Corea, Sometime Ago / La Fiesta

Sometime ago I had a dream  
It was happy, it was lasting, it was free  
And now in life, oh, can't you see  
How we can make that dream into reality?  
Oh, the music, it was playing  
Oh, the firelight, it was dancing  
All the children they were singing  
All the people they were loving  
Sometime ago I had a dream  
It was happy, it was lasting, it was free  
And now in life, oh, can't you see  
How we can make that dream into reality?  
Oh, the morning sun, it was soft and cool  
Oh, the evening breeze, it was warm and gold  
All together life had started to unfold
