

# Chickenfoot, Different Devil

There's a wise old tale  
About the same old hell  
Only the devil is changed  
With two brand new lovers  
Rolling in the covers  
Everybody wants some strange

We all know somebody gonna tell you just what to do  
But it don't mean nothin' 'less it's got something for me and you

Walk away!  
If you think there's someone better  
Run away!  
To the arms of something new  
You can stay!  
If you think he'll treat you better than I do  
Turn around babe  
I'll be right there waiting for you

Hey we're both getting older  
We should know better  
Some things stay the same  
You want your freedom  
And I'm so jealous  
No one's gonna change

We all know somebody gonna tell what's right to do  
Hey, I'm sitting here listen, baby, I'm missing you

Walk away!  
If you think there's someone better  
Run away!  
To the arms of something new  
You can stay!  
If you think he'll treat you better than I do  
Turn around babe  
I'll be right here waiting for you

There's a sweet dark angel  
On my shoulder  
Singing in my ear  
From the bad side of heaven  
With all her glory  
Salvation's here.

We all know somebody's gonna tell you just what to do  
But it don't mean nothin' 'less it means something for me and you, babe

Walk away!  
If you think there's someone better  
Run away!  
Into the arms of something new  
You can stay!  
If you think he'll treat you better than I do  
Turn around babe  
I'll be right here waiting for you

I'm right here waiting for you  
Come on  
Turn around babe  
I'm right here waiting for you  
Oh, yeah  
Come on, girl  
I'm right here waiting for you

Turn around girl
