

# Chickenfoot, Turnin' left

You've got vision  
Don't wait for somebody  
One thought in your mind  
Don't wait for somebody  
straight line, yeah wooh,  
Light speed, you're racin' away  
Now you keep turnin' left, turnin' left  
Turnin' left, turnin' left  
You keep in turning left, turning left  
Turnin' left, turnin' left  
oh yeah, huh  
wooh  
wheel's keep on truning, onh yeah  
fuel keeps on burning, oh  
flat foot  
full speed, straight line  
can you tell me where you're  
two landes, one way  
faster  
now you keep turnin' left, turnin' left  
turnin' left, turnin' left  
you keep in turning left, turning left  
turnin' left, turnin' left  
oh yeah, huh  
yeah  
we go 'round in circles  
we go 'round in circles  
we go 'round in circles  
we go 'round in circles  
wow  
yeah, yeah  
get it, get it, get it, get it, huh  
woah, oh  
woah  
'Round and round and round and round  
Hey
