

Children Of Bodom, In Your Face

GO!

Conflict, terror, hear the noise.
You're on the edge of a nerve-racking force.
But, oh, my god, here's the fight.
Never siege, never riot, must defy.

Well look at me, what do you see?
Another trophy, a living fucking dead beat
Close your eyes take a step with me
You're gone but it's not too late
Exhibiting Abnormality
It's not what you call reality.
But you will always forget
One thing I'd like you to know

I don't give a flying fuck motherfucker
I don't give a flying fuck motherfucker
I don't give a flying
I don't give a flying,
I don't give a flying FUCK

I'll never wait for any interference
When the other people talk all over my shit
But do I speak thee, yes I do
So fuck hypocrisy and fuck you too

INCOMING!

[Chorus:]
Say one, more word, I double dare you (bring it on)
It's my world, you're in it, it'll take you down in a minute
You can alter your look, diversify your age.
But the truth seems like a bitch slap in your face.

Well look at me, what do you see?
Another trophy, a living fucking dead beat
Close your eyes, take a step with me
You're gone but it's not not too late
Exhibiting Abnormality
Careful what you call reality
But you will always want
You want the day that you shall die.

I don't give a flying fuck motherfucker
I don't give a flying fuck motherfucker
I don't give a flying
I don't give a flying
I don't give a flying FUCK

INCOMING!

[Chorus]

INCOMING!
