

# Chimaira, Severed (Demo)

Stay awake to decide  
Are you coming back?  
Is this my sanity?  
I can't forgive

Oh is it the same to me?  
I can't take your place  
I'll never see you  
Never flee from me

(Fuck)  
Severed, Severed, Severed, Severed

Lost lies in the house I bring  
I can't fucking see  
I can never pull yourself from me  
I can't focus

Libertine my said to be  
I can never save you  
Wait

Severed, Severed, Severed, Severed  
Severed, Severed, Severed

(I can't take it  
You make me so sick  
You make me so sick  
You make me so...  
You make me so sick  
You make me so sick)

Severed, Severed, Severed  
Severed, Severed, Severed
