

# Chimaira, Severed (Demo Version)

Stay awake to decide  
Are you coming back?  
Is this my sanity?  
I can't forgive  
Oh is it the same to me?  
I can't take your place  
I'll never see you, never flee from me  
Severed  
Lost lies in the house I bring  
I can't f\*\*king see  
I can never pull your self from me  
I can't focus  
Libertine my "said to be"  
I will never save you  
Wait...today is not the same  
Severed
