

# China Crisis, Real Tears

China Crisis  
Warped By Success  
Real Tears  
Now you know  
Now you know  
How it feels  
To be down yourself  
And you know  
What it is  
To be sad  
No holding back

One last time  
One last time  
Has come and gone  
There's no turning back  
Take one good  
Look and go  
Time will change  
The world you know

Real tears  
You'll cry

Now you know  
Now you know  
How it feels  
To be alone  
And you know  
What it is  
To be sad  
No holding back
