

China Crisis, The Highest High

China Crisis

Flaunt The Imperfection

The Highest High

Where is my town the place i love

Where i can stay for all time

Don't knock it down or build it up

This is my home for all time

St. kevin taught me how

John the boxer is braver now

Phil the captain of the cause

Fight you fight for what is yours

What is yours

I can recall one special day

Dressed up in love, only for me

How could i lose, give it away

The highest high you are to me

St. kevin taught me how

John the boxer is braver now

Phil the captain of the cause

Fight you fight for what is yours

What is yours

Work in my world, put up for sale

You buy you me, i buy me you

Could i return, give something back

Join in the fun, love what i do
