

China Crisis, To You I Give

Tender love i give
to you i always will
so happy to know your name
so happy to play you at your game
met you under two years ago
happy tears i cry
so happy to call your name
so happy even in the Rain

CH..
because it's you i love the most
got a smile on my Face from coast to coast
don't you agree ?
i'm so happy you are you
i'm so happy i am me

not a day can go by when i'm not with you
there's no other way i just gotta' be with you
forever yours forever and a day
we'll always be together
it's got to be that way

CH..
there isn't a place that i'd rather be
than with you
it feels just like ecstasy
want to thank the Stars up above
for making me like this
and giving you your love..
