

Chixdiggitt, Earthquake

whenever I'm around you're never really happy
everything I ask your answers really snappy
you're always walking round, stompin' on the floor
cause you don't wanna be with me no more

it's like an earthquake, earthquake
whenever we're together

it's like an earthquake, earthquake
whenever we're together

earthquake, earthquake
whenever we're together

earthquake, earthquake
whenever we're together
