

# Chris Brown, Best Ever

I know I'm not easy and sometimes I drive you crazy  
But I'm the best you'll ever have, ever

He's never loved someone like me  
Crazy, but balanced  
To him, my love taste differently, oh  
Sweet, but dangerous  
I know that I'm your favorite thing  
Well, this how you make me feel  
Somethin' 'bout me makes you weak  
I'm startin' to think

I'm the best you've ever had (Oh, tell me I'm the best you've ever)  
Made you want me bad (Oh, tell, tell, tell me I'm the best you've ever)  
Best you've ever had (Oh, baby, tell me I'm the best you've ever)  
Made you want me bad (I want you, tell, tell, tell me I'm the best you've ever)

'Cause every part of your body (Oh-oh)  
I'm wantin' to explore  
To figure out how you feel on top of me (You)  
You've got me wantin' more (Oh, woah)  
Do you know that you're my sweetest dream? (Do you?)  
'Cause that's how you make me feel  
Somethin' 'bout you makes me weak (Oh, woah, and I'm)  
Now I'm startin' to think you're the

Best you've ever had (Oh, you know you're the best I've ever)  
Made you want me bad (You, you, you know you're the best I've ever)  
Best you've ever had (Ooh, tell me I'm the best you've ever)  
Made you want me bad (Tell me, tell me, tell me I'm the best you've ever)
