

Chris Brown Feat. will.i.am, Picture Perfect

Uh oh, uh oh, uh oh, uh oh
You might've seen her on every cover
Of every magazine
But can't nobody get her but me
Uh oh, there she go
Uh oh, there she go
Uh oh, there she go
Can't nobody get her but me
Hot, damn, let me tell you, man
She look so good, I'ma say it again
So good that I can't explain
When she do what she do she gon' do her thang
Over here, Miss Lane
Come on, get fly with a Superman
You ain't gotta worry, I won't play no games
Baby, tonight
So don't front
You know you wanna stay
It's all fun
So baby, come and play
It's picture perfect the way you work it, girl
What's your purpose?
