

Chris Brown, Sing Like Me

I got her singing
I got her singing
I got her singing
I got her singing
I got her singing
I got her singing
I got her singing
Soon as I step out the whip they spot me
Girls snapping pictures like the paparazzi
So many different type of women I'm into
And I can't take 'em all with me is my only issue
I wanna leave outta here, take 'em back to the crib
And show 'em how I do the chocha, hit it like Sosa
I wanna leave outta here, take 'em back to the crib
'Cause they know what I'm thinkin', they look better naked
So many ladies
Up in this club I can choose from
And they all look amazing
That's why it's so hard to just pick one
When I get 'em off to the room we ain't playin' by no rules
And girls singin' melodies
And it's soundin' like your favorite song playin' on the radio
And can't get enough of me
Gotta girl singin' like me
Had a girl singin' like me
Gotta girl singin' like me
Had a girl singin' like me
All these bottles poppin' got me feeling nicely
Leavin' by myself is highly unlikely
Looking for a ride now, don't need no wifey
Setting down with one chick, that ain't even like me
So many women in the atmosphere
Gotta leave with at least three and a pair
The look in they eyes tellin' me that they want it
Don't like it that much to put a ring on it
So many ladies
Up in this club I can choose from
And they all look amazing
That's why it's so hard to just pick one
When I get 'em off to the room we ain't playin' by no rules
And girls singin' melodies
And it's soundin' like your favorite song playin' on the radio
And can't get enough of me
Gotta girl singin' like me
Had a girl singin' like me
Gotta girl singin' like me
Had a girl singin' like me
When I whisper it in your ear
Know I got you listenin', baby
I know you liking what you hear
Now let's leave up outta here, baby
When I whisper it in your ear
Know I got you listening baby
'Cause when I put my hands on you
Girl, I'm gonna drive your body crazy
When I get 'em off to the room we ain't playin' by no rules
And girls singin' melodies
And it's soundin' like your favorite song playin' on the radio
And can't get enough of me
Gotta a girl singin' like me
Had a girl singin' like me
Gotta a girl singin' like me
Had a girl singin' like me
When I get 'em off to the room we ain't playin' by no rules

And girls singin' melodies
And it's soundin' like your favorite song playin' on the radio
And can't get enough of me
Gotta a girl singin' like me
Had a girl singin' like me
Gotta a girl singin' like me
Had a girl singin' like me
I got her singin' like me
I got her singing like me
I got her singing like me
I got her singing like me
I got her singing like me
I got her singing like me
I got her singing like me
I got her singing like me
When I get you up in my room, baby, baby
When I get you up in my room, baby, oh yeah, yeah
Got her singin', got her singin'
