

# Chris Cornell, When I'm Down

What say you now, the door is opening  
On your vigil and I'm in my usual way  
I save my breath, knowing what you're  
Wanting me to say, I only love you when I'm down  
You say that midnight opens its arms to me  
Leaving you alone, and then I fly so far away  
Until the light blurs my vision and I have nowhere to roam  
I only love you when I'm down  
And I only love you when I'm down  
And I'm only near you when I'm gone  
But one thing for you to keep in mind you know  
I'm down all the time  
Well I know you're reaching out and you need to feel my hand  
You want to be understood, Yeah well I understand  
I know you hold precious little hope for me  
And in your happiness, I'm always drowning in my grief  
And I only love you when I'm down  
And I'm only near you when I'm gone  
But one thing for you to keep in mind you know  
I'm down all the time  
All the time, all the time, all the time
