Missing You

Chris de Burgh

Missing you... I've been missing you... missing you,
I've got the roses, I've got the wine,
With a little luck she will be here on time,
This is the place we used to go,
With romantic music and the lights down low,
And as you stand there amazed at the door,
And you're wondering what all this is for,
It's just a simple thing from me to you,
The lady that I adore, 'cos there's something,
That you should know, it's that
I've been missing you, more than words can say,
And that I've been thinking about it every day,
And the time we had just dancing nice and slow,
And I said now I've found you,
I'm never letting go;
There is no reason to the things that we do,
You can break a heart with just a word or two,
And take a lifetime to apologise,
When the one you love's in front of your eyes,
And I will fall to my knees like a fool,
If it's the only way of getting through,
You see if I think you are beautiful,
Someone else is going to feel it too,
So there's only one thing to do, tell you that
I've been missing you, more than words can say,
And that I've been thinking about it every day,
Well tonight's our night for dancing nice and slow,
Because now I've found you, I'm never letting go,
No, now I've found you, I'm never letting go;
I've been missing you... I've been missing you, darling,
I've been missing you... I've been missing you.
Missing you... I've been missing you...
Missing you... I've been missing you...
Missing you... I've been missing you...
Missing you... I've been missing you, darling...
Missing you... Missing you...
Missing you... Missing you...
