

Chris Flew, The Truth About Cats + Dogs

Meet me on the corner
Meet me in the pouring rain and we'll go dancing
Forget about tomorrow
Forget about the things they'll say
I like you but you're not supposed to know
Safe away from everything
Safe away from everything
Safe away from everything
Meet me on the corner
The cops are running headlong in the dark
Stupid little children
They'll never know where we are
I like you but you're not supposed to know
No-one's gonna find us out
No-one's gonna find us out
No-one's gonna find us out
