

# Chris Flew, The Truth About Cats + Dogs

Meet me on the corner  
Meet me in the pouring rain and we'll go dancing  
Forget about tomorrow  
Forget about the things they'll say  
I like you but you're not supposed to know  
Safe away from everything  
Safe away from everything  
Safe away from everything  
Meet me on the corner  
The cops are running headlong in the dark  
Stupid little children  
They'll never know where we are  
I like you but you're not supposed to know  
No-one's gonna find us out  
No-one's gonna find us out  
No-one's gonna find us out
