

Chris Gaines, Main Street

Chris Gaines

In The Life Of Chris Gaines

Main Street

one light blinkin' off and on,

The blood of life in this town is gone

Lost all it's pieces but the pawns

Tomorrow stopped comin' with the dawn...

Chorus:

In my dreams, i've seen

Things that only seem to happen on the silver screen.

But when it's over there's no walkin' out,

'cause out there all they talk about,

Is what ain't goin' down, on main street...

Never did the things i thought i would,

Woulda left just didn't know i could,

Things don't work out like they should,

It ain't for better, but it's for good...

Repeat chorus:

Bridge:

I went to l.a. with a friend of mine,

Just to see what it was all about.

We hit the freeway, and it blew my mind,

I had to find a way of gettin' out...

She said, they say,

"hey, you gotta live a little!"

In my mind, i find, that lost, ain't livin'

Either there, or the middle of main street.... yeah!

Repeat second verse:

Repeat chorus: (twice)
