

# Chris Garneau, Fireflies

It's not easy so

Take it slow

You're coming up, you're coming round the bend

You're my good friend

Best friend

And you're coming up, you're coming round the bend

You're making friends with the fireflies

I can't say that this comes as a surprise

But the things they say are not what they seem

So you've been called to tell us what they mean

Yes, you've been called to tell us what they mean
