

# Chris Isaak, Funeral In The Rain

I wait, too long, I'll die, If I'm alone.  
I wait, too shy, love dies, I'm alone to cry.

I'm walking, I keep on walking down the street.  
I'm watching, I keep on searching every face I meet.  
I loved her but now I've lost her, loves in vain.  
I watch a funeral in the rain.

I'm walking, I keep on walking around the world.  
I'm talking, I keep on talking about a girl.  
I loved her but now I've lost her, loves in vain.  
I watch a funeral in the rain.  
I watch a funeral in the rain.

All the world, knows the girl.  
All the world, knows she's gone.  
She's gone..... She's gone....

I'm walking, I keep on walking around the clock.  
They're watching, they keep talking let them talk.  
I loved her but now I've lost her, loves in vain.  
I watch a funeral in the rain.  
I watch a funeral in the rain.  
I watch a funeral in..... the rain.  
She's gone.....She's gone.....She's gone.....She's gone.
