

# Chris Isaak, Voodoo

I know what to do when your sad and lonely,  
I know what to do when you love her only.  
I know what to do when no one needs you,  
I know what to do you do voodoo. Voodoo.  
You do voodoo.

I know what to do when the world decieves you,  
I know what to do when no one needs you.  
I know what to do when your whole heart breathes you,  
I know what to do when your lover leaves you Voodoo.  
You do voodoo.

Dance in a ring of flames, shadows fall the same, fire, love and pain.  
Do voodoo, voodoo, voodoo.

I know what to do when your sad and lonely,  
I know what to do when you love her only.  
I know what to do when no one needs you,  
I know what to do you do voodoo,  
I know what to do you do voodoo, voodoo, you do voodoo,  
you do voodoo, you do voodoo.
