

Chris Isaak, Waiting (Phase Two)

Here I stand and I'm waiting
Here I stand and I'm waiting
Here I stand and I'm waiting down
Where I used to meet you down
Where the world was our toy
Here I stand and I'm wondering why
Did you ever leave me
Why
Break the heart of that boy
Here I stand with my heart in my hands and I offer love to you
Here I stand with my world gone wrong and I wonder what to do

Here I stand and I'm waiting
Here I stand and I'm waiting

Here I stand with my heart in my hands and I offer love to you
Here I stand with my world gone wrong and I wonder what to do
What to do

Here I stand and I'm waiting
Here I stand and I'm waiting

Oh how I've missed you
I wanted to kiss you
I dreamt that I held you and I lost you again
Lost you again
(Here I stand and I'm waiting)
And I lost you again
(Here I stand and I'm waiting)
And I lost you again
(Waiting)
