

# Chris Knight, Oil Patch Town

Got six bucks that's enough for a beer run  
Now all we need is someone to do the buying  
My buddy Lendell, he ain't never got no money  
But he drinks up most the beer everytime  
By nine o'clock got a half case between us  
Pull into the quick pick Lendell had to have some smoke  
There sit Susie in Billy Cotts camaro  
Lendell gives her a wink Billy says, "Want ya neck broke?"  
Their 'bout to go toe to toe  
Here comes a cop car  
Lendell says the cemetery bill  
Well see how bad you are  
Another Friday night in this oil patch town  
Keep the beers outta sight when the state troopers come around  
And we ain't lookin' for trouble wouldn't mind a fight  
What else you gonna do it's just another Friday night  
Billy says, "Let's get it on" and Lendell just slugs him  
That's 'bout all the fightin' that got done  
Sheriff pulls up he says "What you hoodlums doing?"  
&"Nothing much junior just tryin' to have some fun"  
He's acting tough and taking names  
And shuttin' us down  
But at least we got something to talk about  
When Monday rolls around  
Another Friday night in this oil patch town  
Keep the beers outta sight when the state troopers come around  
Now we ain't lookin' for trouble wouldn't mind a fight  
What else you gonna do it's just another Friday night
