There will be many other nights like this

And I'll be standing here with someone new

There will be other songs to sing, another Fall, another Spring

But there will never be another you

There will be other lips that I may kiss

But they won't thrill me like yours used to do

Yes, I may dream a million dreams but how can they come true

If there will never ever be another you

There will be other lips that I may kiss

But they won't thrill me like yours used to do

Yes, I may dream a million dreams but how can they come true

If there will never ever be another you
