Chris Rea, Can't Get Through

Radio speaker - radio bleep
Put it on hard disc -
See it on your pc
Everybody moving - cos
their so afraid of losing
You gotta pull the straps
Till it can't fight back

Say you gotta pull straps
Till it can't fight back
Press it down, press it down

What's going on,
Oh what's going on
There was a time,
When all I could see
was a sun in the sky
There was a place I knew where we
We used to run, run with
the wind in our faces

I look to the left, I look to the right
Can't get through
Press it down, I can't get through
Look to the left, I look to the right
I can't get through

I can't get through
I can't get through

Radio play, radio scream
Coming up through
All the crap on my windscreen
I can't get through
I can't go back
Laugh (too scared)
I might have a heart attack
I say I might have a heart attack

I can't get through
I can't get through
