

Chris Rea, Catfish Girl

Catfish girl, makes it feel so fine
Catfish girl, always pulling on my line
When I see her smiling face, She get me every single time
Yeah she does.

Catfish girl, I miss you Lord I feel so blue
Oh my Catfish girl, Oh and every little thing that you do
Oh Catfish girl, I only want to be with you.

Oh Catfish come on now...
Aint' that the prettiest thing you ever did see.....
