

Chris Rea, Changing Times

Changing times, changing rules
Make a wise man look a fool
Gone before no longer here
Look out for these signs of these
Changing rules
Better look out

You better look out
Look out for these changing times
Can't stop those changing times
Changing times
Cold hard rain
Everything's a changing
Nothin's going to be the same

You'd better look out
'Cos you can't stop these changing times
Nothin's going ever to be the same
You'd better look out
Look out for these changing times
