

Chris Rea, So Much Love

Now I've got something I tell you say now
(Play it real cool) but I'm not fooled
(Nobody loved you like) the tip of the iceberg
I know the game and there ain't no rules

I got so much love for you baby
Bet you any time we can make it
Don't keep telling yourself That it just wouldn't work out
So much love in my heart

Well your hoping and praying will get you nowhere
Don't try and rush me cause I know you
Put up a bridge could win an Oscar
But honey why bother I can see you right through

I got so much love for you baby
Baby if you try we can make it
Don't keep telling yourself that it just wouldn't work it
So much love in my heart

Oh in my heart
Love in my heart
