

Chris Rea, Stop

Gone too far
Gone too long
Messed it up completely
Till everything is wrong
Stop, start over, start again

Too many pieces
Too much to chew
How can you ever win
When you're so scared to loose
You better stop, start over, start again
Stop, start over, start again

Walk away
See what it looks like from here
If you stay you will only drown
If a mass of fear

You need to sleep
You need a break
You got to find out before it's to late
Stop, start again
You better stop, start over, start again
