

Chris Richardson, All Alone

I thought we had it all planned
But I guess I was wrong (wrong, wrong)
Gave you a piece of my heart
Then you turn around and you're gone
Now what you think I wouldn't find out?
Why don't you tell me what that's all about?
I'm not about your crying, girl
Over all the lies, now the walls have fallen down
Said all my goodbyes
Tried too many times
Now I hope you see what you've done...to me
No more love in this happy home
Say goodbye and just carry on
Write it down for the next one
So they will know
I watch the sunrise
Way too many times
Without you by my side
Cause I can't even lie
All alone
All alone
All alone
All alone
I thought about how it could have been
Remembering the days we shared
Looking back on all the memories
And when you acted like you cared
It took a second just to figure it out
And I can see the rain is falling down
I've been stuck in the middle though
It took too long for me to come around
Said all my goodbyes
Tried too many times
Now I hope you see what you've done...to me
No more love in this happy home
Say goodbye and just carry on
Write it down for the next one
So they will know
I watch the sunrise
Way too many times
Without you by my side
Cause I can't even lie
All alone
All alone
All alone
All alone
Now the love is gone
And you're feeling all alone
Now the love is gone
And you're feeling all alone (alone)
Now the love is gone
And you're feeling all alone
Now the love is gone
And you're feeling all alone (alone)
No more love in this happy home
Say goodbye and just carry on (carry on, carry on)
Write it down for the next one (for the next one)
So they will know
I watch the sunrise (watch the sunrise)
Way too many times (way too many times)
Without you by my side (without you by my side)
Cause I can't even lie ('cause I can't even lie)
All alone
All alone (all alone)

All alone
All alone (all alone)
No more love in this happy home
Say goodbye and just carry on
Write it down for the next one
So they will know
I watch the sunrise
Way too many times
Without you by my side
Cause I can't even lie
All alone (all alone)
All alone (all alone)
All alone (all alone)
Ooh
Yeah
Don't even think about you now
Don't have any sympathy for you girl
I don't need your run-a-round
You ain't no good for me (good for me)
Now you're all alone (alone)
Now you're all alone
Now you're all alone (alone)
