

Chrisette Michele, Is This The Way Love Feels

What's the feelin that I get
Every single time I look deep into your eyes
What's the tingle that I feel
At the touch of your hand up & down my spine
What's so funny, is my belly tryna tell me something
Feels like butterflies
What's the feelin, what's the tingle, what's the tinkle,
What's the world got for you and I

And I swear it's real,
Yes it is can't nobody ever tell me otherwise
And I swear I feel,
No I can't deny what I'm feeling inside

Is this the way love feels?
Have I found it for real?
What will time reveal?
Is this the way love feels?

Everytime I hear your voice
It seems I have no choice but to be amazed
It's like music to my hears
How I really love to hear everything you say
Does love really have a way of speaking whenever ?
What's a voice, what's a touch, tell me is it really love, does it feel this way?

And I swear it's real,
Yes it is can't nobody ever tell me otherwise
And I swear I feel,
No I can't deny what I'm feeling inside

Is this the way love feels? (oh, the way it feels)
Have I found it for real? (oh, oh, for real)
What will time reveal? (oh, oh, reveal)
Is this the way love feels? (oh, oh)

I always knew love would take over me soon
But I never knew just how deep,
I never knew just how sweet this love would be
It looks like I have got my eye on something real
So real, so real just between you and me

Is this the way love feels? (oh, the way it feels)
Have I found it for real? (oh, oh, for real)
What will time reveal? (oh, oh, reveal)
Is this the way love feels? (oh, oh)

Is this the way love feels? (oh, the way it feels)
Have I found it for real? (oh, oh, for real)
What will time reveal? (oh, oh, reveal)
Is this the way love feels? (oh, oh)
