

# Christ Agony, Devil's Invocation

In condemnation we last  
Losing our hearts in blood and fear  
Still faithless is our journey  
Without thoughts we last  
Blood on my heart  
Blood on my conscience  
Condemned and far from the world  
Condemned and far from faith  
Shame deep frozen in your throats  
Hatred burnt in your hearts  
By a symbol which is on fire  
The condemnation of loneliness  
Of minds and bodies  
And no delight will ever heal  
The suffering and the wounds  
Do not raise your hands in prayer  
Do not call his feet's holy marks  
In vain...  
Do not bow... you damned dog  
The condemnation that is in you  
All your cries will not help  
For created from nothingness to nothingness  
Another ashes running through  
The hour-glass of suffering  
No light  
Only the path  
Celebrate union with god  
- that is ridiculous...  
Embrace in your suffering  
- stand there mute  
That is ridiculous  
Cry until your sorrow  
Burns all your condemnation  
Suck the poison of reality  
Rot thrown into a church  
Do not speak... do not look...  
Remain unwritten 666...
