

# Christ Agony, Eternal Stars

I'm running away  
Cause there's no place for me here  
There's no memory  
Time doesn't exist...  
I'm running away  
Cause the source of my cry ends  
My bleeding heart  
Has to find eternity  
Hidden among the stars  
My dying star  
Forgive me weakness  
My dying star  
Forgive me my sin  
I'm running away  
Cause there aren't your eyes  
There's no memory  
Time doesn't exist...  
I'm running away  
Cause the path of my life ends  
There aren't your kisses anymore  
There aren't your words anymore  
Among the stars I shall find your smell...  
My dying star  
Let me find myself  
My dying star  
Let me kiss immortality...  
I'm beside you  
I'm waiting...  
i'm beside you  
Eternity lets me find you  
I'm still waiting...
