

# Christian Bautista, Colour Everywhere

used to seeing black and white  
never really in between  
waiting for the love of my life  
to come into my dreams  
everything is shades of gray  
never really blues or green  
needed someone else to turn to  
someone who could help me learn to see  
all the beauty that was waiting for me  
you, you put the blue back in the sky  
you put the rainbow in my eyes  
a silver lining in my prayers  
and now there's colour everywhere  
you put the red back in the rules  
just when i needed it the most  
you came along to show you care  
and now there's colour everywhere  
everywhere  
my life is so predictable  
never any mystery  
but ever since you shined the light  
all of that was history  
now i have a hand to hold  
and a reason to believe  
there's someone in my life worth living for  
i was hanging around just wishing on a star  
to put the happiness back in my heart and...  
you, you put the blue back in the sky  
you put the rainbow in my eyes  
a silver lining in my prayers  
and now there's colour everywhere  
you put the red back in the rules  
just when i needed it the most  
you came along to show you care  
and now there's colour everywhere  
oh yeah...  
you care and now there's colour everywhere  
left those hazy days behind me  
never to return again  
now they're just a fading memory  
coz baby it's all so clear to see  
the beauty that is waiting there for me  
you, you put the blue back in the sky  
you put the rainbow in my eyes  
a silver lining in my prayers  
and now there's colour everywhere  
you put the red back in the rules  
just when i needed it the most  
you came along to show you care  
and now there's colour everywhere  
a silver lining in my prayers  
and now there's colour everywhere  
you came along to show you care  
and now there's colour everywhere
